Limassol, Cyprus – March 2, 2021

IBSCY Ltd would like to announce its new partnership with Yealink which is a global brand that specializes in video conferencing, voice communication and collaboration solutions with best-in-class quality, innovative technology, and user-friendly experience.

With this collaboration, IBS aims to enhance its arsenal with cutting-edge hardware devices that can assist companies work more efficiently and remove physical barriers. Yealink's products are specifically designed to be implemented in various scenarios in which team-collaboration and instant communication are necessary. These include retail spaces and office workplaces of various sizes and complexity. Moreover, Yealink's devices are compatible for seamless integration with Microsoft Teams, Zoom and Skype and its various bundles can convert all sorts of conference rooms into interactive communication experiences.

More importantly, Yealink's technology comes to supplement and strengthen IBS's Cloud Telephony service by offering greater options and functionality. As a result, customers will be able to place calls instantly using Yealink's phones and have greater flexibility. [Visit our cloud telephony link in order to find out all the features that Cloud Telephony has to offer.](#)

Currently, Yealink operates in more than 140 countries and regions and it ranks in the first place of the global market share of SIP phone shipments. Also, it possesses numerous awards from a number of organisations and governments. Yealink, which has a 20-year experience, offers very durable and high-performing devices in very competitive prices.
